

STUD SERVICE AGREEMENT

Stud _____
AKC# _____
Owned by Jason and Kristi Skinner _____
Bitch _____
AKC# _____
Owned by _____
For a fee of _____

CONDITIONS OF SERVICE

1. Payment in full of the stud fee is expected at the time of first service unless otherwise specified in the initial arrangements for breeding.
2. If there is a tie or the breeding is otherwise consummated there will be no refund of the stud fee in whole or in part.
3. If the bitch fails to whelp, the owner of the bitch must notify the stud dog owner of this fact within 10 days of the whelping due date. The same stud dog at the next heat will give one return service unless otherwise agreed upon by the stud owner. Lack of notification as indicated above will forfeit any return service.
4. If the stud dog should die or become otherwise incapacitated for breeding purposes before the return service is given, the owner of the stud dog retains the right to offer the services of another stud dog in his possession at that time.
5. If the bitch changes ownership, any return service will be at the option of the stud dog owner. In certain cases, a substitute bitch may be accepted for the return service, but this will also be at the option of the stud dog owner.
6. If the bitch dies or aborts before whelping, the stud owner must be notified immediately if there is to be responsibility for a return service.

7. The birth of 2 or more puppies living to 1 week of age will be considered a litter. Puppies lost due to environmental conditions are not the responsibility of the stud dog owner and a repeat breeding may not be honored, depending on the circumstances.

8. It is understood that the stud dog owner shall maintain reasonable care of the bitch while at the stud owner's facility or under the care of the stud owner. The stud owner shall not be held responsible for any loss, injury, or death of the bitch while under their supervision.

9. The owner of the bitch shall furnish the owner of the stud dog the following information from a state certified veterinarian on the veterinarian's letterhead or comparable medical form. The stud dog owner must receive the information before the breeding will be made.

- The bitch is presently immunized for DHL, Rabies, and Parvovirus.
- The bitch shall be free from any contagious conditions including internal and/or external parasites.
- The bitch shall be free of any internal obstruction, which may impede or prevent penetration of the stud dog (as far as can be determined ahead of time).
- The bitch shall be free of any condition, which would indicate or suggest any adverse hip or elbow condition. If over two years of age, she must have been x-rayed for dysplasia and carry an OFA certification or veterinarian's certificate that she is free of dysplasia and has normal hips.

10. Any bitch that cannot be bred due to viciousness or any other extreme behavior problem toward the stud dog or owner will be immediately returned to the owner of said bitch with the stud fee payment returned.

11. In addition to the stud fee, it is understood that the owner of the bitch will assume all costs incurred by the stud owner for any medical treatment by a veterinarian required for the bitch while under the supervision of stud owner or agent who shall determine the need for any emergency treatment while under their care.

12. The period of residence of the bitch in the stud owner's facility shall not exceed 7 days. Any additional time required in the stud owner's facility would be subject to a \$15.00 a day board bill.

13. A signed litter application will not be forwarded to the bitch owner until notification of whelping, the number of puppies surviving at 10 days and payment of any outstanding indebtedness to stud owner.

14. It is the bitch owner's responsibility to advise the owner of the stud or any kennel habits the bitch may have that could possibly present a problem in giving her adequate and safe care in the stud owner's facility. It is also the bitch owner's responsibility to furnish instructions and medication if the bitch is on medication of any kind.

15. ALL PUPPIES from litter will be sold on limited registration papers unless otherwise agreed upon (in writing) by the stud owner.

16. Stud owner is NOT required to choose his puppy until the puppies are graded at 8 weeks of age.

17. Stud fee puppy from the resulting litter will have stud owners' kennel name.

19. All of the resulting puppies shall be registered in either the breeders or the stud dog's owner names or both to hopefully insure a lost dog to find its way back to the breeder.

Addendum:

As owners of the animals designated in Paragraph 1 above, we agree to the specifications of this contract in its entirety.
